

K SOFT

K Soft

Features

K Soft is the small-sized machine for the preparation of Soft Serve Ice Cream and Frozen Yogurt.

This equipment is one of the smallest and most silent soft serve machines.

K Soft is a compact countertop unit, perfect for small spaces, available with gravity or pump feeding system.

K Soft has an elegant design; perfect to be placed on the counter of a bar or business, thanks to the stainless steel panels, the glossy black of the plastics and the capacitive led-lit front panel.

It is possible to set 3 different consistency levels of the finished product.

The hopper is cooled: the product cools down before reaching the freezing cylinder, improving performance as the time to dispense Soft Serve Ice Cream and Frozen Yogurt is reduced.

STANDARD SPECIFICATIONS	PUMP	GRAVITY
Tank capacity (litres)	2	2.5
Cylinder volume (litres)	1	1
Condensation	Air	Air
Production System	Pump	Gravity
Control System	Electromechanical	Electromechanical
Hourly Production - 75 gr cones (up to)	70 pcs	65 pcs
Dimensions (WxDxH) (mm)	240 x 580 x 700	240 x 580 x 700
Weight (kg)	64	59
Packaging (WxDxH) (mm)	300 x 640 x 760	300 x 640 x 760
Packaging Weight (kg)	69	64
Rated Output P_n^* [kW]	220/240 V 1PH = 0.9	220/240 V 1PH = 0.9
Maximum Absorbed Power I^* [A]	220/240 V 1PH = 5.3	220/240 V 1PH = 5.3
Refrigerating Gas	R452a	R452a
Freezing cylinder	3 different product consistency levels	3 different product consistency levels
Tank Agitator	Yes	Yes
Night Defrost	Yes	Yes
